We have continuously believed in not only offering them a range of services but also keep adding value for money. Over the years, this belief has helped us to help them to the hilt.

We firmly believe that our success lies in providing a successful service back-up to our clients. We achieve this through a comprehensive system of: -

## **SELECTION**

We have an efficient system of selection. High caliber individuals are carefully picked from a select stock. Their credentials, background and antecedents are thoroughly verified and cross checked/authenticated.

## **TRAINING**

We lay great stress on training. After selection, personnel are comprehensively trained. Orientation/on-job training is provided to meet peculiar requirements of individual units. Periodical refresher training is a regular ongoing process.

Their conduct and behavioral responses are closely monitored subsequently after they have been finally deployed.

## **MONITORING**

Successes of any system lies in its efficient implementation-only a very effective system of monitoring can help achieve this. We have a specialized 3-tier system of monitoring which, inter-alia, includes the following: -

- Regular daily monitoring from the operations room in the Main Office.
- Periodical visits by the field staff.
- Surprise checks, including checks at night, where applicable.

In addition, our Senior Functionaries too personally visit each site to gain firsthand knowledge of the actual performance of personnel deployed.

## **OUR MISSION**
